Prajwal Sharma

Software Developer | Web Development
Hyderabad, Telangana, India

Summary

I am a Full Stack developer with industry experience building websites and web applications. I specialize in Angular and have professional experience working with Java and Python. I also have experience working with Springboot, Django, and building REST API's.

As a Full Stack Developer My role is to create and design the user friendly web applications that meet the requirements of our mocks and fulfill our user stories. I also monitor and process pull requests for production deployments. Technologies used: Angular, TypeScript, MySQL, PostgreSQL, Springboot, Django.
